

## PECB Certified ISO/IEC 27002 Foundation

Learn the basic concepts of information security and ISO/IEC 27002 information security controls

### Why should you attend?

ISO/IEC 27002 Foundation training enables you to learn the basic elements to implement Information Security Controls as specified in ISO/IEC 27002. During this training course, you will be able to understand how ISO/IEC 27001 and ISO/IEC 27002 are related to ISO/IEC 27003 (Guidelines for the implementation of ISMS), ISO/IEC 27004 (Measurement of Information Security performance) and ISO/IEC 27005 (Risk Management in Information Security).

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO/IEC 27002 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies and management approach.

<p><b>Who should attend?</b></p> <ul style="list-style-type: none"> <li>Individuals interested in Information Security Management and Information Security Controls</li> <li>Individuals seeking to gain knowledge about the main processes of an Information Security Management System and Information Security Controls</li> <li>Individuals interested to pursue a career in Information Security Management</li> </ul>	<p><b>Learning objectives</b></p> <ul style="list-style-type: none"> <li>Understand the implementation of Information Security Controls in accordance with ISO/IEC 27002</li> <li>Acknowledge the correlation between ISO/IEC 27001, ISO/IEC 27002 and other standards and regulatory frameworks</li> <li>Understand the approaches, methods and techniques used for the implementation of Information Security Controls</li> </ul>
<p><b>Course agenda</b> <span style="float: right;">DURATION: 2 DAYS</span></p> <ul style="list-style-type: none"> <li>Day 1: Introduction to ISO/IEC 27002 and Information Security Management System</li> <li>Day 2: ISO/IEC 27002 Controls and Certification Exam</li> </ul>	<p><b>Prerequisites</b></p> <ul style="list-style-type: none"> <li>None</li> </ul>
